MONTGOMERY COUNTY'S BUDGET PROCESS

UNDERSTANDING MONTGOMERY COUNTY'S BUDGET PROCESS

Preparation of The Annual Budget

Montgomery County's annual budget begins with the proposed budget, the budget recommended by the County Administrator, and ends with the approved budget, which has been reviewed and adjusted by the Board of Supervisors.

This budget document includes both the County's general government operating budget and Montgomery County Public Schools' operating budget.

The Board of Supervisors holds public hearings at which citizens may express their views on the recommended budget. Such comments assist the Board of Supervisors in making decisions regarding spending. The County's 2009 original Budget Calendar is as follows (*some changes may occur during the process*):

The County's Budget Process

With the goal of allowing decision-makers to focus on broader issues, the budget document consolidates similar functions. Efforts to streamline the process and reduce the volume of paper generated have changed the process in past years. The FY 2009 budget continues to consolidate information and array budget data in ways that facilitate a broader understanding of the document. These include:

- **Base Budget Targets** are established for budget requests. This allows for the delineation between previously approved funding levels and requested increases in items.
 - **Base Budget Targets** are established as follows:
 - ✓ *Personal Services* - Includes all positions approved up to the issuance of the proposed budget, and covers the estimated costs in fringe benefits.
 - ✓ *Operations and Maintenance Target* - Caps funding at the level of the FY 08 Approved Budget, less adjustments for one-time only expenditure items.
 - ✓ Excludes *Capital Outlay* - Capital Outlay requests are presented separately from the Base Budget.
- **Addenda Requests** are increased funding over and above the Base Budget Targets. They must be presented as **Addenda** to the Base Budget. This means that additional justification for increased funding or the inclusion of Capital Outlay dollars must be provided with the request.

These changes were designed to clearly identify increases to operations, initiatives proposed by departments, and all capital outlay items requested. The chart on page 3 depicts the process.

How to Understand and Use This Document

The FY 2009 budget document is organized into six major headings, each of which is separated by a large divider tab:

- Budget Message
- Table of Contents
- Budget Summary
- Understanding the Budget
- Revenue Summary
- Expenditure Plans

Included under the last section, Expenditure Plans; are 38 of the County's major Divisions or budget categories, which include revenues earmarked for use by the specific Division. Listed numerically according to a three-digit code, each of these sub-sections includes the Division's Organizational Chart, Financial Data, Description of the Division as a whole, Base Budget Discussion, Addenda Discussion, which includes the County Administrator's recommendation. Also included are each Department's Description and Financial Data.

Division Financial Data - Provides a recap of the Division's funding history, including the Base Budget and addenda requests, as well as recommended funding by three categories:

- Personnel Services
- Operations and Maintenance
- Capital Outlay

Division Description, Base Budget Discussion, and Addenda Discussion - The Description section explains the Division as a whole. The Base Budget Discussion and Addenda Discussion justify and describe the County Administrator's funding recommendations.

Department Description and Financial Data - Presents historical budget data by major category for each department. The following column headings are used:

UNDERSTANDING MONTGOMERY COUNTY'S BUDGET PROCESS

FY 07	Revised Budget
FY 07	Actual Budget
FY 08	Approved Budget
FY 09	Base Budget
FY 09	County Administrator's Recommended Addenda
FY 09	County Administrator's Recommended Total

The County Administrator's Recommendation column identifies the amount of funding recommended for each major cost category by base budget and addenda.

Revenue that has been designated to offset expenditures in divisions is also presented. These sources include State Compensation Board funding, fees and permit charges collected by the respective divisions and other sources related to each specific function. In the presentation format, designated revenues are totaled and subtracted from the expenditures, identifying the amount of the County's undesignated general fund revenue needed to support the division's expenditures.

Conclusion

It is available as public information for review by any citizen who requests access to it and is found on the County's web site at www.montva.com.
